

VERTIENTE DE LAS ÁNIMAS. Red wine from the site of Las Herguijuelas

VARIETIES: 100% Garnacha tinta

ORIGIN: 4 vineyards in the Las Herguijuelas area, Villanueva de Ávila. D.O.P CEBREROS

THE VINEYARDS: Las Herguijuelas is a distinct location situated on one of the folds of the Las Pedreras peak with a northeastern orientation. The predominant vegetation here includes ferns, chestnuts, and oaks. The sandy granite soils have a higher clay content than other subregions, and combined with a cool microclimate, this causes the vine cycle to progress more slowly, ensuring complete phenolic maturity. The 70-year-old garnacha vines, grown in goblet formation and in dry conditions, are fully adapted to this area, giving us a mineral, perfumed, and profound expression of garnacha..

WINEMAKING: Hand-harvested in 20 kg boxes. Fermentation is carried out by native grape yeasts, with 30% whole clusters. Light daily pump-overs for gentle extraction. After fermentation, a light pressing, followed by direct transfer to barrels where malolactic fermentation takes place.

AGING: 12 months in a used 500L French oak barrel from Stockinger.

PRODUCTION: 2000bt 75cl

ANALÍTICA:

Alcohol content: 14%vol	pH: 3.4
SO ₂ T: 65mg/l	SO ₂ L: 28mg/l
A.T: 5.5 g/l	A.R: < 2g/l :

PAIRING; Grilled meat and fish, soupy rice and cheese.
